

Lamb Pellets

Provides a progressive step for lambs after they have been weaned from milk to lamb crumbles. A higher fibre product that helps lambs' digestive systems move to dry feed

Feeding Instructions

Introduce gradually then feed 2-3 times weekly.

Ingredients

Barley 11.5%, Wheat 10.5%, Oats 8%, Lupins 30%, Sodium Bentonite, Limestone, Salt, Urea, Cummins Sheep Premix, Powdered Sulphur.

WARNING – CONTAINS UREA

Directions for use

Keep dry: when wet, urea can become soluble and lead to urea toxicity. Introduce slowly and always ensure adequate 'gut-fill' of forage before introducing feed supplements (use this product at a lower inclusion rate for one week before going to the recommended rate). Forage should be provided with the ration or offered ad lib.

Precautions

Feeding this product to horses or other equines may be fatal.
